27th January 2023

Offer Letter

Dear **Ms. Manasa Reddy Atavatala,**

This is to confirm that **Dataflake LLC** is offering **Ms. Manasa Reddy Atavatala**, a position as **Software Engineer** for a Part-time employee and her supervisor will be Mr. **Raghuram Potluri,** beginning from **02/06/2023** and ending at **04/28/2023**. This employment will serve as Curricular Practical Training (CPT) associated with your academic program at **Wichita State University**.

The location of your employment will be performed at **400 East Royal Lane, Suite 206, Irving, TX - 75039.** Due to Covid-19, you will be working remotely from **2323 N Woodlawn Blvd, Apt 411, Wichita, KS, 67220.** You will be expected to work 20 hours per week. We agree to cooperate with the **Wichita State University** in achieving the curricular purposes of the employment/training for this student. The employer Identification number for Data Flake LLC. **88-1356079** and its E-Verify ID is **1819178.**

As part of your job duties:

- Designing, implementing, and maintaining Java applications.
- Contributing in all phases of the development lifecycle.
- Managing Java and Java EE application development
- Involved in software architecture, detailed design, coding, deployment and testing and Provider Search and HoneyBee applications.
- Spearheaded API Strategy. Introduced API management tools to standardize the development and adoption of APIs over the file-based approach. Piloted APIs that reduced the time to get data access from months to days.
- Collaborate with program managers, business analysts, external consultants, third-party suppliers, App Engineers, API Engineers and Data Engineers to drive the development and delivery of Ascension market leading solutions.
- Deployment of new features and products into the production environment.
